

## Service ♦ Education ♦ Progress

March 13, 2020

CA FBLA Advisers:

CA FBLA has been monitoring the COVID-19 situation closely. Under the direction of Governor Gavin Newsom, the CDC and other public health officials including San Bernardino County, we have made the difficult decision to cancel the in-person portion of CA FBLA's State Leadership Conference (SLC). At this time we are making plans to transition to a virtual event.

**We will not be holding the traditional in-person SLC as previously scheduled for April 23-26 in Ontario, CA.** In light of COVID-19, this action is necessary for the safety and welfare of our students, advisers, judges, and guests. The CA FBLA Management Team is working hard to strategize a virtual competitive events experience.

Hotel reservations will be canceled by CA FBLA staff. It is not necessary to cancel your registration in Blue Panda. We will notify all registrants of revised registration procedures and fee schedules soon.

Please share this notice with your students, parents, and administration. Our ability to answer individual phone calls at this time is limited as all efforts and resources are being used to ensure the health and safety of our students and planning purposes. We will be posting updates at [www.cafbla.org/covid-19](http://www.cafbla.org/covid-19) for the latest information regarding this fluid situation.

Thank you for your patience and understanding as we navigate how to best serve our students in these challenging times.

Molly M. Anderson  
State Adviser for FBLA

Donnette Silva Carter  
CA FBLA Board of Directors

Graeme Logie  
CA FBLA Management Team
